A Message for Our Valued Home Shoppers

We Are Here for You

Building the American dream has been at the core of our company's mission for the last 70 years. At Pulte, Del Webb, and Centex, a historically high demand across Coastal Carolina's Myrtle Beach housing market over the past several months has only reinforced our dedication to you, our valued customer. We take great pride in the outstanding quality of our homes and we want to ensure you continue to receive that experience you deserve during this unprecedented time.

Here is how we're improving your experience:

Across all three of our trusted brands and our many communities here in Coastal Carolina's Myrtle Beach housing market we want to assure you that you and your dream home are at the forefront of our minds. We are working to help ensure you a smooth home buying process.

Given the unparalleled labor and material shortages the pandemic has brought about, many builders are simply extending their delivery windows for homes.

Pulte is committed to maintaining a timely build cycle and delivery for new homes.

During this time, to ensure we maintain our high-quality building standards, we are releasing homesites in a different manner than years prior and you will find that our sales offices are quite busy. To ensure that you receive the attention during your visit to our offices, an appointment is suggested.

Many of our communities do have a waiting list of prospective buyers who are awaiting the new homesites that are being released each month. At the same time, we are also working to keep a supply of homes and homesites that can be purchased in a similar format to what you would find with a listing in the re-sale home market.

We are leading the way in building consumer-inspired homes and communities in the Coastal Carolina and Savannah area and we maintain our commitment to building quality homes and delivering you an excellent home buying experience.

Pulte Cares about your home buying process. **Our commitment to you is ongoing.**
